

## **Communication Department**

**DIRECTOR: Pastor Danhugh Gordon**

Christ commissioned the church to communicate the Gospel message to the world. This responsibility has been given to every member of the church. The church has organized various ministries and the Communication Department is on the cutting edge of these ministries.

An essential activity of the department is to make the world community aware that there is a church dedicated to fulfilling Christ's commission. Christ commissioned the church to communicate the Gospel message to the world. This responsibility has been given to every member of the church. The church has organized various ministries and the Communication Department is on the cutting edge of these ministries.

An essential activity of the department is to make the world community aware that there is a church dedicated to fulfilling Christ's commission.

Communication has become a 'high tech' activity with the advent of radio, satellites, The Internet and email, television, newspaper, Cameras, tape recorders, telephones, fax machines, and computers have made it possible for the communication media to spread more information over large territories rapidly.

The Central Jamaica Conference's Communication department proposes to take these tools and to use the various media outlets to make a favorable impression on the local and international communities.

The Recording Studio of Central Jamaica Conference is now in full operation.

The Communication Department produces and records three programmes that are broadcast on Love F.M. (a local religious radio station). These programs are: Morning Manna, Heralds of Hope and Life Line.

The Radio Program Schedule is as follows: Morning Manna -- 6:30 a.m. on Fridays, Heralds of Hope – 2:15 p.m. on Saturdays, Life Line – 5:30 p.m. on Sundays.

We have also started to Record devotionals, which will be available on compact discs or audio Cassettes. Coming on stream will be the recording of the Sabbath School Lesson (audio) and departmental seminars (video).

The Communication Department is exploring an avenue to make available to our members video programs that will enhance the growing and nurturing of our members. Programs such as musicals, sermons, interviews and documentaries are being considered.
