

Education Department

DIRECTOR: Pastor Dudley Mullings

The department of education is responsible for the promotion of Christian Education, for the development of long range plan for education in areas such as budgeting, professional growth, administration, staff curriculum, facilities, school evaluation, establishment of new schools as necessary, the presentation of records should a school cease from functioning. There is also the supervision of denominational schools—Campbell’s Castle Preparatory and Willowdene High, with pre-school, kindergarten and preparatory department.

The Education Department of the Conference offers leadership for the church and denominational schools. It has upgraded the physical plants, implemented new curricula from the ministry of education, Youth and Culture, Jamaica, and the Department of Education of the General Conference of Seventh-day Adventist and drafted a Master Plan for the years 2002 - 2006.

The department plans to expand its vocational offerings on a phased basis, to construct and equip Physics laboratory and to upgrade the Bio-Chemistry Home Economics and Information Technology Laboratories.
